

Removed Nikon RSS Feed temporarily

2010-07-15 23:42:55 by ThomasHADams

The Nikon RSS news feed has been removed temporarily. I apologize for the inconvenience, and hope to restore it soon.

The main issue is that there is no consistency in the RSS news feed. One item will be all capitalized, the next will not. In one article the feed will have the alternate text show a preview, while another will show the entire thread. To sum it up: it is not clean and bleeds over onto this site, along with looking poorly written/coded and unprofessional.
