# Adding content and working on the site.
2008-09-01 00:24:22 by ThomasHAdams

Once again, adding some content and preparing for some upgrades.  I will be also working on my gallery, adding an album of "My Favorites" and "Portfolio".List of things to do:

1. Upgrading the site for security purposes.
2. Upgrading Gallery2 software
3. ~~Upgrade Gallery Modules~~
4. ~~Change of Gallery2 Theme~~
5. Modification of photographs, additional albums, reorganizing.
6. Adding content to main site, links, podcasts, RSS News feeds, [Encyclopedia](http://www.photosbytom.com/modules.php?name=News&file=article&sid=7)
7. Review of Navigation, removal of unneeded links.
8. Upload new photos to Gallery
9. Clean up forums and "Edit" some forum pages and articles as some do not "read well".
